Please have your relevant Membership cards with you at a Show.**

The human head is very vulnerable and may suffer considerable damage owing to injuries caused by a fall or impact from a horse. Injuries to the head may have long term effects and, in some cases, can be life threatening. It has been proven that wearing a correctly fitted, good condition riding hat can protect the wearer from injury or reduce the overall effect of any impact or injury. We promote safe riding and competition and in order to further this aim strongly recommend that protective headgear to approved standards is worn while handling exercising riding or competing any horse or pony. By entering this Show you indicate that you are aware and take full responsibility for competitors without protective headgear to handle exercise ride or compete horses at their own risk.

By entering the Show you are consenting to ourselves, catering company, videographers and photographers contacting you by electronic means. If you do not consent, please advise the secretary when submitting your show entry.
